

BECOME A FASRO PARTNER

Support School Safety & Florida's Future

The Florida Association of School Resource Officers (FASRO) was founded in 1979 and is the oldest and largest state organization of School Resource Officers in the nation. Florida has over 4,000 School Resource Officers (SROs) dedicated to protecting our children, yet only about half receive specialized or advanced training each year due to limited funding.

As a business owner, it is likely that you or your staff have children in Florida schools. While you work hard each day, you expect them to be safe while receiving their education. Your business partnership can play a crucial role in ensuring FASRO provides more training to the SROs who protect them.
